

AI LEARNING CONSULTANT NETWORK (AILCN)

OFFICIAL CHARTER

Vision

To establish the world's leading community of certified professionals transforming learning and development through ethical, impactful, and AI-powered solutions.

Mission

To certify, equip, and elevate learning professionals who design scalable, measurable, and human-centered learning experiences using artificial intelligence and instructional innovation.

Core Values

- Integrity: We uphold the highest ethical standards in learning, leadership, and AI implementation.
- Impact: We believe learning should create real, measurable business and human results.
- Innovation: We embrace emerging technologies to serve the evolving needs of learners and organizations.
- Inclusion: We cultivate a global, diverse, and accessible professional community.
- Accountability: We commit to standards that ensure quality, equity, and long-term credibility.

Code of Ethics All members of AILCN agree to:

1. Prioritize learner needs and accessibility.
2. Disclose when AI-generated content is used in educational products.
3. Maintain client confidentiality and data integrity.
4. Represent only certifications and capabilities they have earned.
5. Continuously pursue professional development and learning.
